

# Ajla El Tabari

Citizenship: Bosnian • Date of birth: 05 July 1984

## Contact

Tel : +387 66 544 412

e-mail : [ajla@tabari.me](mailto:ajla@tabari.me)

## Address

Marka Marulica 13, 71000 Sarajevo, Bosnia and Herzegovina

## Profile

**Objective** I am seeking a position within a software development/design environment, in a local or multinational company – working on small/large scale projects.

**Notice period:** -

## Key Skills

Proficient or familiar with a vast array of programming languages, concepts and technologies, including:

Play Framework  
.NET Framework  
Android Studio

Java  
C#  
SQL databases

HTML, XML, CSS,  
JavaScript, jQuery, AJAX

Windows, Linux  
Network fundamentals

## Education

2015

### BitCamp – Java/Android class

Bitcamp is an intensive 6 month bootcamp for programmers. My goal was to migrate to Java and android development and this course provided excellent structure and content for me to achieve that goal.

During the course I was tasked, along with my team, to create a site that will offer the same function as booking.com, that included all frontend and backend services, as well as PayPal payment integration.

Programming languages, concepts and technologies I used:

- Java, Scala
- JavaScript, jQuery
- JSON, XML
- HTML, CSS, Bootstrap
- Eclipse, IntelliJ and Android Studio IDEs
- MVC pattern, REST API
- Play Framework
- MySQL
- PayPal SDK

2004 to Now

### Faculty of Information Technologies, Džemal Bijedić University

Software engineering

1999 to 2003

### “Druga gimnazija Sarajevo” High school

Mathematics major

## Work Experience
